ORDER:

The petitioner, who is managing partner of an advertising agency, filed this Writ Petition assailing the action of the first respondent in removing advertising boards of the petitioner in Tirupathi municipality.

It is the case of the petitioner that she obtained advertising rights in Tirupathi Municipality from 2004-2006 in an auction conducted by the second respondent and started erecting new advertising boards. While so, without any intimation, the first respondent removed the already erected boards and obstructed erection of new boards on the ground that the area comes within its limits, which is illegal.

When the Writ Petition came up for admission, both the learned standing counsel appearing for the respondents 1 and 2 submitted they have not so far removed any boards of the petitioner nor made any obstruction as alleged by the petitioner, and hence, no relief can be granted to the petitioner.

Recording the aforesaid submissions, the Writ Petition is dismissed. No order as to costs.
